Let us turn 1978 a year to ban the NEUTRON BOMB

WE ACCUSE IMPERIALISM AND NATO CIRCLES BECAUSE THEY
THREATEN THE EXISTENCE OF HUMAN BEINGS

Statement of IGD Central Council On The Action Week Against Neutron Bomb

IGD Central Council paying a great attention to the disarmament struggle waged by the great masses of the world youth and students had a special session on the action program proposed by various youth and student groups of our country. Stressing the importance of the campaign against the Neutron Bomb that gained an universal scale and extraordinary intensity within the struggle of youth and students for peace, detente and for an end to the arms race it was decided to take urgent measures although under the initiative of IGD many mass meetings and demonstrations were held in various cities and towns of Turkey under the slogan No To The Neutron Bomb considering the intensification of the struggle on international level and taking into account the appeal of WFDY Bureau and the call of IUS Central Council, reexamined the situation again. And looked for the possibilities to organize actions against imperialism and the Neutron Bomb IGD as a whole on every means announced its firm solidarity with the struggle for international detente and disarmament. Its will to unite with different national youth and student organisations representing different political tendencies for continuity and further strengthening of peace and disarmament struggle has been expressed many times. On these principles CC of IGD announce a week of action against Neutron Bomb, beginning on the 24th of February. With every possible mean like meetings, public demonstrations, press conferences, printing posters progressive youth and students of our country contribute to the struggle to turn 1978 a year to ban the Neutron Bomb. As a good coincidence the week will be carried at the same time with the 10th General Assembly of WFDY which we wholeheartly believe will be a platform of international solidarity. In the name of Turkish youth and students, CC of IGD condemn the production of mass destruct weapons by imperialist circles of United States. In the name of everything created for the well being of human beings, CC of IGD charge imperialism and NATO circles. Let's turn 1978 a year to ban the Neutron Bomb.

TO STRENGTHEN WFDY IS TO
STRENGTHEN THE FUTURE

10. General Assembly of WFDY in which IGD will actively participate will be held in Berlin between the dates 22 February - 1 March. It's General Assemblies have been always important turning points of international youth movement, in order to consolidate the unity of youth for peace and progress.

The successes achieved by WFDY are always welcomed by broad masses of the youth of our country. Its activities and contribution to the struggle waged by the youth in different parts of the world are widely known by progressive Turkish youth.

We wholeheartly believe in that the 10. General Assembly of WFDY be an active platform to coordinate the youth actions and to organize activities aimed at initiating anti imperialist solidarity with the struggle of the peoples and youth against imperialism, fascism, unemployment, colonialism, neo-colonialism, racism, zionism and apartheid for peace, disarmament national independence democracy youth rights and social progress.

It arouse as a duty for every organization for every young man to strengthen WFDY because to strengthen WFDY is to strengthen the future.

THE CALL OF IUS FOR JOINT ACTIONS AGAINST NEUTRON BOMB...

The cable that sent by IUS to the student section of İGD wellcomed by broad masses of students willing to join common actions against Neutron Bomb. With great enthusiasm students will contribute to turn 24th February into a international day to condemn imperialism and mass destructive weapons they produce.

In the reply sent to IUS Secreteriat this will of the Turkish students expressed and the necessity of unification on international level for disarmament and peace stressed.
